Doors open at 11:30 p.m.

A liveable, thriving and caring Centre City is good for all Calgarians. Please join us on Thursday, June 17, 2010, as The City of Calgary's Centre City Implementation, along with its partners on the Clean to the Core and Centre City Safety Impact Teams, share its most recent work and the positive impact it's making in the core.

Some of the topics discussed will include:

How area Business Revitalization Zones (BRZs) are helping to improve cleanliness through various strategies, including its graffiti abatement initiative.

How our protective services teams and some business operators are working to increase safety for patrons at Centre City entertainment establishments.

There will also be input from a variety of other stakeholders including an update from the Calgary BARWATCH Association for Patron Safety which is a collaborative initiative that is marking its first year in operation.

This is an excellent opportunity for you to learn more about the work that is being done to ensure our Centre City is

Where You Want To Be.
